ABOUT OUR WIRELINE EQUIPMENT...

CraneWorks specializes in supplying high-quality equipment for global oil and gas completion services. Due to the remote locations where our units operate, it is our goal to build the least complicated most reliable products on the market. Our wireline product offering includes the 102WL and 124WL for most applications and the 40124S, 50110S, 50126S, and 50155S for high capacity high tip height applications. Each of these units can be equipped with a high pressure grease injection system as well as an array of custom fabricated options including lubricator racks and wireline BOP racks.

**MANITEX 124WL WIRELINE CRANE
6,500 LB CAPACITY AT MAX TIP HEIGHT OF 135'**

**BUILT BUBBA-RESISTANT™
BY CRANEWORKS**

WIRELINE CRANES & BOOM TRUCKS

MANITEX 40124 40-TON CRANE
8,450 LB CAPACITY AT MAX TIP HEIGHT OF 132'4"

MANITEX 50155 50-TON CRANE
9,000 LB CAPACITY AT MAX TIP HEIGHT OF 165'
